

WONDERGEL POOL

- High Strength Combination clarifier.
- Very Simple to use.
- Increases filter efficiency.
- Made from nature's natural Clarifier - Chitosan.
- Removes Inorganic & Organic matter.
- Helps remove metals & sun tan oil from water too.
- Works up to one month even when dissolved.

DIRECTIONS

For best results always ensure your swimming pool is correctly balanced: **Free chlorine** 1-2ppm, **pH levels** 7.2-7.6, **Cyanuric Levels** (Stabilizer) 30-80ppm.

USING YOUR WONDEGEL

Remove from packaging and place Wondergel in the pump basket (not the skimmer) and just forget about it! Set to filtration. Wondergel will help pool keep clean and clear.

CLOUDY POOLS

Backwash your filter as per manufacturer's instructions. Follow the same procedure as above, but switch on your pump for 24 hours or until pool water is clear. The following day backwash and rinse your filter. For very cloudy pools repeat the process.

SAFETY PRECAUTIONS

- Keep all chemicals away from children.
- Not for human consumption.
- Keep away from food.
- If swallowed always seek medical advice.
- Do not mix with any other chemicals.
- Store in a dry place away from direct sunlight and heat.
- Product can be slippery if left on floor surface.

**X1 WONDERGEL CAN TREAT
A POOL UP TO 100,000 LTR**
